Ms. Prime,

You don't have a case number, you did not file a report to CPS within the mandated time frame.

Ms. Prime, please show cause for not holding you in contempt. You seem to think that Michigan's laws apply to everyone else except Michigan residents.

Pulling in Dr. Kenny Bertram (add to witness list) for scheduling emergency hearing.

Hi Ken,

I anticipate a court date soon to discuss Saginaw's policy that Michigan's definition of sexual abuse is permissible on school grounds in Saginaw.

Hopefully I can schedule some time for you to be a witness. I am sure they would appreciate your thoughts on my sincerity.

Bottom line: I anticipate some official communication this week (about a day in court). Will you be in town next month? I would like to add you to the witness list.

What definition is being used for abuse. Next time in court could you please demonstrate how you can non-consensually bite my penis in a non abusive way.

Perhaps Michigan's laws need to be updated to the Sue Prine standard.

Actually, I believe the Saginaw word for human shields is "bargaining things"

With regard to any sealed documents, I don't have the authority to grant access. I believe you would have to file a motion with the court, requesting same, and I cannot guarantee what the judge's ruling would be.

The other matter regarding the PS investigation, we do not provide documents that go back and forth between that agency and this office,

But I can tell you that, in response to the referral I made on 12/18/14, this office received a response from DHS on Dec 29th with a date of disposition 12/18/15 that the matter did not meet definition of Child Abuse/Neglect.
